In recognition of National Breast Cancer Awareness Month, Planned Parenthood presents the 3rd Annual Reel Women's Movie Marathon to raise funds for breast health programs in the Coachella Valley.

Planned Parenthood is a critical resource for women in the fight to detect breast cancer early. Nearly 90% of patients at Planned Parenthood's local health centers in Rancho Mirage and Coachella are under age 40, and for these women, clinical breast exams are key to early detection.

Our health centers in Rancho Mirage and Coachella perform more than 2,300 breast cancer screenings each year. Your support ensures that we are able to develop and expand health care services while addressing barriers to care.

One in five women in the U.S. has visited a Planned Parenthood health center at least once in her life.

THE LAW (LA LOI)

FRANCE | 87 MINUTES

Based on a true story, this riveting courtroom drama will have audiences on the edge of their seats through its closing credits. In 1974, French health minister Simone Veil has the thankless job of pushing for the passage of a law legalizing abortion in France. This taut political thriller follows her fight for justice on behalf of French women during a harrowing three-day male-dominated parliamentary debate. Despite objections of the opposition party, the Catholic Church, and some in her own party, Veil refuses to back down. Veil is forced to confront increasingly vile personal attacks that intensify her efforts to upend society's dangerous misconceptions about a woman's right to choose.

SPECIAL GUEST PANEL:

A discussion following the showing of French film *La Loi* will feature Julie Bornstein, law professor; and Christy Holstege, civil rights attorney and activist.
